### **Flight Training Plan**

Cirrus Aircraft strongly believes in the value of regular recurrent training. Cirrus' network of CSIPs and CTCs are experts in Cirrus flight training and we encourage every Cirrus pilot to use an active CSIP or CTC for their recurrent training.

Flight Training

**Instructor Recommendations for Future** 

I plan to conduct my next Cirrus
recurrent training event with a
Cirrus Training Partner on the
following date:

Training Date	<del></del>
I am opting out of Cirrus' recommended recurrent flight training program.

Required									
Course Completion Status  Satisfactorily Complete  Incomplete (reason and notes required)									
Reason:									
Notes:									
<b>Terms of Training</b> I, the undersigned, have read,	understood, and agre	ee with the following:							
This training is limited aircraft familiarization training and is not inclusive of all the knowlege and skill required for safe flight. I must comply with regulations, exercise sound judgment, and maintain a high level of flying proficiency in order to minimize the risks associated with flight.									
Safely flying under Instrument degrade over periods of inactiv weather, airspace, and other of regardless if IFR currency requ	ity and each pilot mu hallenges that may a	ist assess risks for inc rise. Pilots who desire	dividual flights consi to fly IFR are stron	dering their proficien	cy levels required to	handle forecasted			
I acknowledge that for my continued proficiency and safety, Cirrus Aircraft strongly recommends that all pilots conduct recurrent training in accordance with the current edition of the Cirrus Syllabus Suite from an approved Cirrus Standardized Instructor Pilot (CSIP) or Cirrus Training Center (CTC).									
I acknowledge that my instructor has only observed my flight proficiency during this training for the tasks marked as satisfactory or unsatisfactory and that the tasks required by this training course may not be inclusive of all the knowledge and skill that is required to safely fly under VFR or IFR.
